

Over 79% of parents/carers invited, attended the Parents Evenings held in November 2019 and from the feedback we had from the survey completed by parents on the night, the overwhelming response was that the evening was very worthwhile, eg:

"The College staff are very friendly. I'm very happy with my nephew's progress. I'm satisfied with my nephew's progress report."

"Thank you for all the support by both the teaching and non-teaching staff offered to my daughter. We look forward to your continued guidance to help her achieve a good career."

"Very happy to have found this College & that it has welcomed my child & supports her mental wellbeing."

"My son has made me feel very proud with his progress. Great parents evening, nice to meet his teachers."

The survey questions themselves asked parents for their views on a range of aspects of the education provided for their son/daughter by the College. Again, we are very pleased that the response was extremely positive, eg:

- Fully supported son/daughter decision to attend Stanmore College – 97% Agreement
- I have found the College staff friendly and welcoming – 96% Agreement
- Parent/carer evenings have been useful – 97% Agreement
- Son/daughter are safe & well supported at College – 96% Agreement
- The College helps people of different backgrounds to get on well, both within the College and in the wider community - 96% Agreement
- I am satisfied with the choice of this College – 95% Agreement

Full results of the survey are available on request. Please contact S.Devaney@stanmore.ac.uk if you would like a copy.
